

NOVA: GREAT place to be!

- Innovative services for all persons with disabilities
- Small company with a warm family touch
- DIR/Floortime model of support for adults with Autism
- We use Gentle Teaching as our only approach to all people we support.
- Micro-Enterprises and Supported Employment with business plan development
- Retail experience with our new **EverythingMichigan** stores!
- Available, but limited, transportation services available (please inquire as to the current status).

Gentle Teaching and DIR/Floortime inspired Programs designed to support individuals with Autism!

Nova has attended several training Sessions hosted by the Interdisciplinary Council on Developmental and Learning Disorders for DIR/Floortime. This combined with our Gentle Teaching methods have lead to the development of a unique and very successful way of supporting adults with ASD (Autism Spectrum Disorders)

NOVA SUPPORT

SERVICES

It is the philosophy of NOVA to provide a broad spectrum of services that are meaningful and congruent with the dreams of the people we support. Being self determined, or in charge of our dreams and our lives, is a freedom that every American enjoys and deserves.

CHOICE: MICRO-ENTERPRISES, COMMUNITY EMPLOYMENT, PLAY PROJECT OR VOLUNTEERING:

Making money is important to each and every person. However there is much more to working than just making money. At NOVA, we assist the people we support in developing a micro-enterprise or finding a job that not only brings them financial gains, but a sense of purpose and a feeling of connectedness with their community. Retail opportunities are also available in our new **EverythingMichigan** stores which will enhance our self employment and skill building opportunities.

AN EXPERIENCED TEAM

NOVA has been providing services since 1992. Our support staff is well trained and experienced. Whether it's a supporting someone with a sensory program, DIR/Floortime technique, or helping with developing a micro-enterprise we work toward the attainment of the individual's dreams. At NOVA, we have a deep belief in and commitment to the philosophy of gentle teaching. We strongly believe that every individual will be more successful in becoming a part of their community when they have a feeling of being safe and valued.
